

This document outlines how to establish a connection the UQMarkup webdav server. This is a network folder which will allow you to upload assignment submissions for marking.

Mac OS-X:

Submission Upload

Upload URL (webdav): https://uqmarkup.celt.uq.edu.au/inlineide/2012-2_dawn3500/mrnlctid-1

Not sure how to use webdav?

Edit Assessment Details

Assessment Name:

Project 1

Assessment Description:

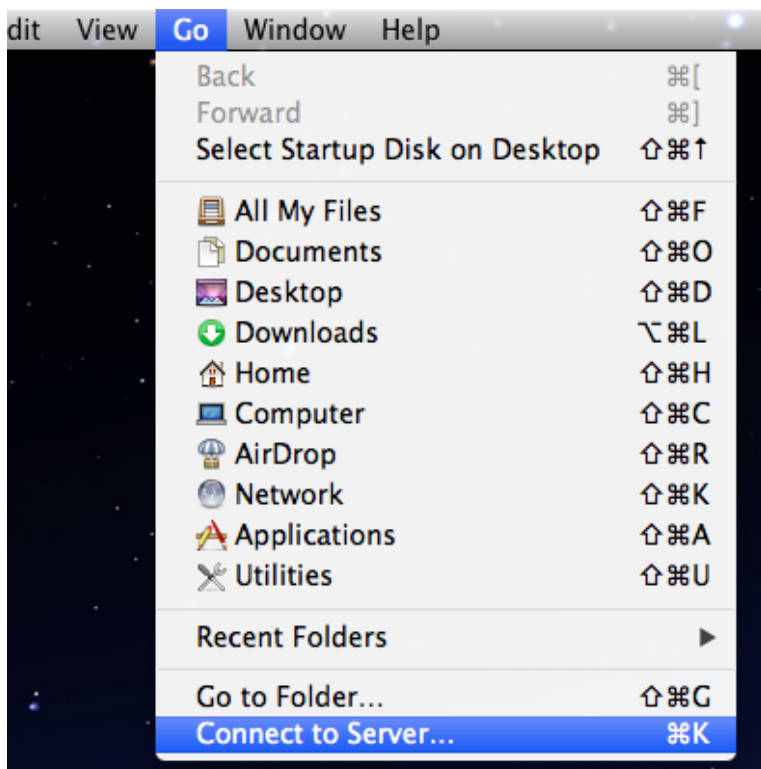

Project 1 is great

- Open Link in New Tab
- Open Link in New Window
- Open Link in Incognito Window
- Save Link As...
- Copy Link Address
- Copy
- Inspect Element
- Look Up in Dictionary
- Speech
- Services

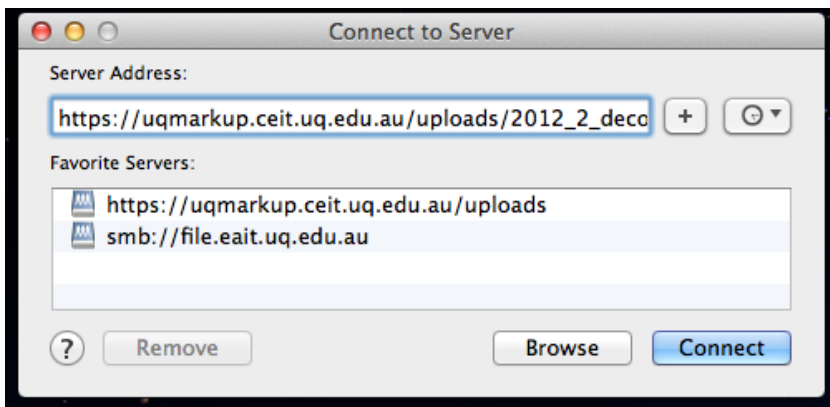

1. Go to the project you wish to upload submissions to. Right-click and choose to copy the link

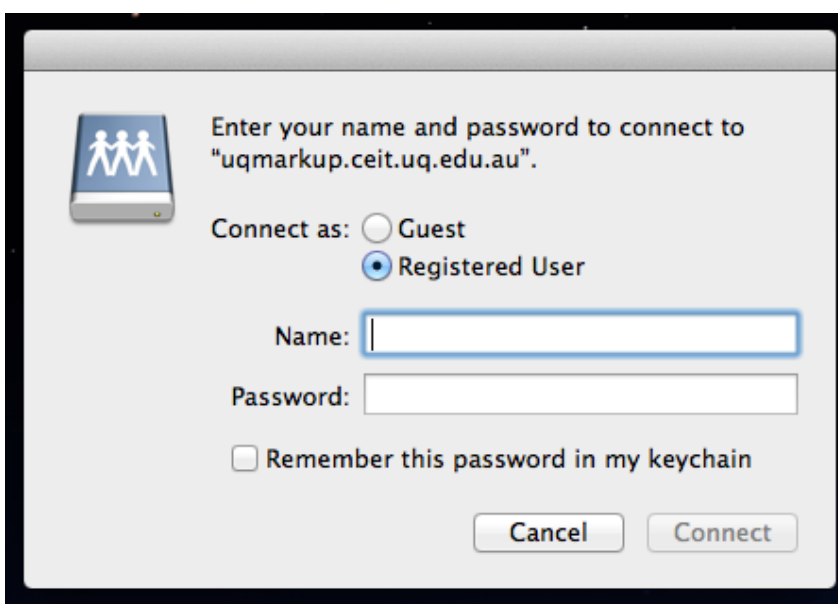

2. Click finder icon in the dock

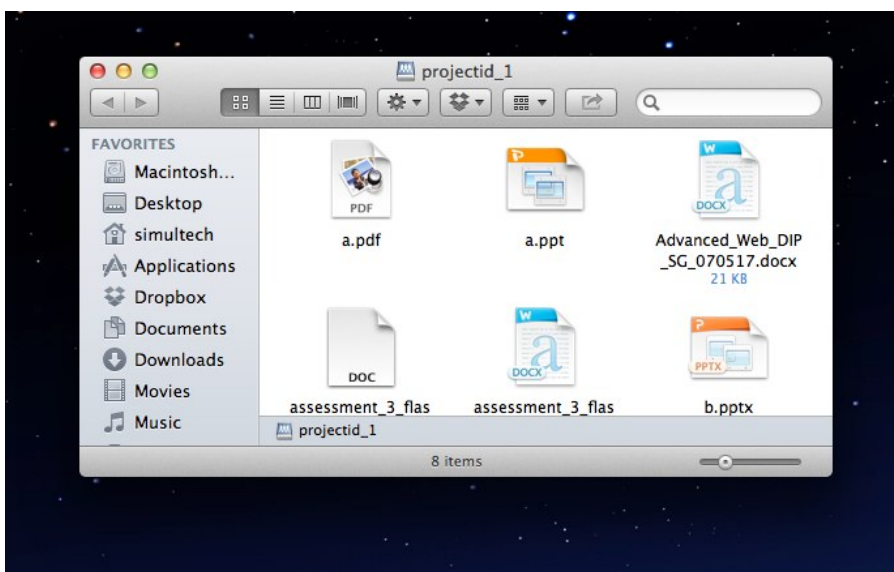

3. At the top of the screen, click "Go" and "Connect to server" (or press CMD+K)

4. Paste the copied link into the “Server Address” field and then press “Connect”

5. Login with your UQ credentials (same account as you use for UQMarkup) and press “Connect”

6. A new Finder window will open. Any files that you copy into this folder will automatically be uploaded as submissions.
